HOST: follow the simple process below:

Fill out the information about your group in the top boxes first. Then, write your name in as host in the first name block.

Next, discuss where (location) and when (date) your group will have its first meeting.

Then, pass the roster around to everyone in your group so they can fill in their contact information.

If your group has 10 people signed up, check the "closed" box at the top of this column.

Remove the back copy and keep it for your records. Turn the original copy to the church.

Original – Church
Copy – Host
